

Legislative pay raises.

Sheila V. Levo to me

Jul 29

To Whom It May Concern,

I believe that a 47 percent pay raise for state officials is ABSOLUTELY RIDICULOUS!! I am not saying that that they shouldn't get any raise, but 47 percent? Lets make this a more equitable raise. Link it to the social security raises that we seniors are existing on. At the most it should be no more than 5 percent (this is more than we would ever get for social security). After the convictions of the two leaders of our state government, we need to be much more careful of who we put into these very important positions. I agree that they need to make a living wage, but 47 percent, in my opinion is off the wall!

Sincerely,

Sheila V Levo
